

PPA Series

Our PPA range of motors are premium, high efficiency cast iron motors designed to withstand even the most arduous of environments. The PPA meets world market needs and standards.

Features and Benefits

- PPA(C) motors exceed Eff 1 and correspond to IE2 (premium efficiency) of the new International Standard IEC 60034-30
- Three phase
- Cast iron
- IP66
- MEPS2 compliant (Eff1)
- Hazardous locations: Ex e, Ex nA and Ex t
- 0.37 to 1000kW
- Frames 80 to 450
- Australian (PPA) and CENELEC (PPC) kW/frame allocations
- 2, 4, 6 and 8 poles
- Class H insulation
- Thru flush grease relief valves
- Low noise
- 20 year design life
- 3 year warranty

Standards and Specifications

- International Standard IEC 60034 and 60072
- Australian and New Zealand Standard AS/NZS 1359

Certification

- [ATEX PPA Ex e & Ex t](#)
- [ATEX PPA Ex nA & Ex t](#)
- [IECEX PPA Ex e & Ex t](#)
- [IECEX PPA Ex nA & Ex t](#)

Application

- Arduous environments
- Mining industry
- Food and beverage industry
- Chemical processing
- Petrochemical
